2. MINUTES FROM THE LAST MEETING AND MATTERS ARISING

The minutes of the previous meeting held on 10 December 2019 were approved as a correct record.

MATTERS ARISING AND UPDATES

Shawfield Lane Speed Signage

Residents previously requested action concerning speeding on Shawfield Lane stating that 20mph speed restriction signage needs improving.

Update - Townships raised the matter with Highways who assessed the area and noted the present provision of 20mph to be sufficient, stating also that the entrance off Edenfield Road should have only one sign in situ and that there are numerous and clear 20mph signage outside the school and more up Alpine Drive.

CCTV

CCTV is now active in the village with a temporary affixture of a mobile CCTV camera installed in the short-term before a permanent measure replacing it will be put in once the contract for monitoring has been agreed accordingly.

Rochdale in Bloom

The Rochdale in Bloom team are working towards the nationals and they have a few projects coming up. Work has also commenced at the Greenmount site – an update will be provided at the next forum.

Parliamentary Election 2019

Congratulations to MP Chris Clarkson who was appointed in the parliamentary elections last December. His surgeries in Norden will be held at The Old Library, Norden and residents are specifically asked to ring the parliamentary office to book an appointment beforehand on 01706 538262 or email chris.clarkson.mp@parliament.uk

Upcoming surgery dates are

28 March 2020 – 10.30am – 11am

25 April 2020 – 10.30am – 11am

23 May 2020 – 10.30am – 11am

Former Turner Brothers Asbestos Site

M. Coats attended and advised the forum that there are still concerns regarding the River Spodden's bank/wall sections that are breaking away, potentially leaving vast areas of asbestos open to enter the water course. This situation has been the case for a number of weeks and there is no apparent progress on the issue. The matter is one of concern for Norden ward because a number of asbestos victims live in the ward and air quality is monitored within the ward. A prosecution was made in January 2020 of a security guard present on site when illegal waste was dumped and the rubbish is still present on site.

Bamford Hall – Planning application

S. Cresswell attended again to give an update on the planning application by a developer to gain planning permission to build a property on green belt land in the grounds of Bamford Hall (Norden ward). The application keeps getting deferred and is still yet to be heard at committee. Twelve forum attendees expressed their continuing opposition to any proposal for this site (by a show of hands) - there were no members in support of proposals.

TRO Proposals at Bury and Rochdale Old Road

Further to the Council's proposals to introduce a Traffic Regulation Order at Bury and Rochdale Old Road, a report will be considered at Rochdale North Township Delegated Sub Committee on Tuesday 10 March 2020 at 6.00pm and also Heywood Township Committee on the same day at 6.15pm. This situation is because the scheme falls within two electoral wards and two township areas. The scheme originates with the Rochdale Committee who are its funders and some of its members have been most involved in the scheme's development.

Village Spring Events

The Great British Spring Clean, in conjunction with Keep Britain Tidy and Rochdale Borough Council, will take place on Saturday 21 March 2020 from 10-12noon. The main meeting point at the start will be Jubilee Park and it will end at The Old Library, Norden with bacon sandwiches.

UPDATES

Pub Watch

A meeting was held in January 2020 with the licensees of Norden and Bamford, licensing officers from Rochdale Borough Council and also GMP. Meetings are held quarterly throughout the year in

alternate public houses to share local information. The next meeting is on 24 April 2020.

Speeding

PC Giblin advised the forum that he and PC Jones (Spotland ward) intend to attempt to secure funding by GMP in order to purchase an endorsable speed gun (and associated training for officers) to be used for speed operations around the area. This speed gun would differ to the community speed watch gun used regularly as a deterrent by GMP officers and residents which is non-endorsable. Forum members agreed to support this proposal with funding, if it is feasible.

Operation Dragster

The Chair advised he had written to the newly appointed MP Chris Clarkson to ask for a co-ordinated assistance/response with this operation with the neighbouring local authority in Rossendale, as the area of off-road biking covers land outside of our jurisdiction. A response from the MP indicated he is contacting MP Jake Berry (Rossendale) with a view to assisting co-ordinated action and Lancashire Police have been in contact with local officers in order to work together in an operation to tackle this issue.

GMP Surgeries

The surgeries are held at The Old Library, Norden and upcoming dates are
25 March 2020 at 12pm - 1pm
22 April 2020 at 11.30am – 12.30pm

6. OPEN FORUM

Greenbooth Village developer/drainage issues

Residents attended again to discuss their drainage issues with the forum, Ward Councillors and the Council regarding their recently purchased homes in the Greenbooth Village Estate, situated on the former Rainshore Mill site off Overtown Lane, off Edenfield Road. A meeting was held on site on 10 January 2020 between residents, Councillors and M. Robinson, Assistant Director at Rochdale Borough Council, where it was agreed to approach United Utilities regarding the plans for surface drainage on site. This situation was due to the fact that after further inspection of drainage plans it was noted by a resident that a significant number of ACO drains outside properties were missing from the roads. These link to the mains drain system to carry surface water run off away; which may be a contributory factor in why the flooding was occurring and apparent in gardens, garages and properties. An estimate has stated it would cost around £1,000 per house to carry out works to install additional drains to the sides of properties to alleviate drainage issues. The Council has also put in place an investigative officer - a drainage and flooding engineer - who has compiled a report to submit to the developer Russell Homes. As it stands residents' gardens are still unusable as is the public open space on the estate. Over Town Lane – the access road to the site off Edenfield Road - is also dangerous to use according to residents and isn't adopted by the Council. Residents at the forum expressed their concern and anger at the whole situation and stated that they felt the Council should assist residents in their efforts to get the developers to put right their failings. The Chair expressed thanks to Mark Robinson for his assistance in these issues and his efforts to reach a resolution.

Woodhouse Lane road surface

Residents commented that the patching work carried out on the lane needs attention and stated that resurfacing of the lane would be a better approach.

Action 1: Townships to raise the matter with the Highways Department.

Disabled Blue Badge Use – Concerns

An enquiry was raised regarding whether disabled badge holders were permitted to park on all double yellow lines and whether it was legal to park on the corner of roads.

Action 2: Townships to raise the matter with the Highways Department.

Rochdale Harriers - Norden 3 Day Event 2020

A printed hand out was provided to residents regarding the arrangements for these upcoming races and the Chair expressed his thanks to the team behind this event for the timely provision of information which sets a good example for groups across our ward.
