<b>PH2409 Implement the Corporate Commissioning Strategy and Social Value Framework</b>		<b>31 March 2025</b>		<b>22%</b>
Ref	Name	Due	Status	% Complete
<b>PH2409.A</b>	<b>Implement the agreed mobilisation plan for the corporate commissioning strategy</b>	<b>31 March 2025</b>		<b>25%</b>
Paper taken to leadership in June to obtain sign off of the Corporate Commissioning Strategy and approval to continue to work towards implementation plan. Priorities over the next quarter will be to develop the role profile for the Commissioning and Social Value Officer post and begin developing the commissioning toolkit.				
<b>PH2409.B</b>	<b>Implement social value brokerage process to enable suppliers to deliver agreed neighbourhood level social value priorities</b>	<b>31 March 2025</b>		<b>20%</b>
Options have been scoped out as to how a brokerage process can work. Agreed with leadership to return during Q2 with worked up options and a recommendation.				
<b>PH2411 Tobacco and Vaping</b>		<b>31 March 2025</b>		<b>58%</b>
Ref	Name	Due	Status	% Complete
<b>PH2411.A</b>	<b>Co-produce a borough wide tobacco control strategy and implementation plan with the newly formed Tobacco Control Alliance</b>	<b>31 March 2025</b>		<b>50%</b>
Workshop held in May. First draft of strategy complete, ready for further consultation over the Summer.				
<b>PH2411.B</b>	<b>Provide all primary and secondary schools across the borough with resources and support to become vape and smoke free settings, including helping schools safely and legally dispose of confiscated vapes / amnesty box</b>	<b>31 December 2024</b>		<b>75%</b>
The majority of schools have signed up to become vape free. Comms assets in the process of being designed before full roll out after the summer holidays.				
<b>PH2411.C</b>	<b>Review and relaunch the borough's stop smoking offer including the swap to stop scheme</b>	<b>31 March 2025</b>		<b>50%</b>
All successful 'Swap to Stop' bids, to date, now launched and live.				
Annual stop smoking priorities agreed, with shift of whole Living Well service towards smoking cessation.

<b>PH2412 Health Protection Immunisation uptake</b>		<b>31 March 2025</b>		<b>25%</b>
Ref	Name	Due	Status	% Complete
PH2412.A	<b>Through a programme of increased accessibility and community engagement, improve the uptake of MMR 1 and MMR 2</b>	<b>31 March 2025</b>		<b>25%</b>
The MMR and wider vaccination work in community is ongoing and is receiving positive feedback.				
PH2412.B	<b>Through a programme of increased accessibility and community engagement, improve the uptake of HPV vaccine</b>	<b>31 March 2025</b>		<b>25%</b>
Staff have been delivering sessions in the community to educate people around the importance of vaccination. The community response to the sessions have been really positive, and we are looking to expand this work over the next few months. This expansion will include those with LD/ and the Romany and travelling community.				
There have been successful community clinics delivered across the borough offering MMR catch ups both in GP practice and delivered in various locations as walk in clinics with Intra Health. Uptake has varied but the work in scheduling these appointments continues with the expectation that the combination of comms, education and ease of access improves uptake.				
PH2412.C	<b>Through a programme of increased accessibility and community engagement, improve the uptake of all seasonal vaccinations</b>	<b>31 March 2025</b>		<b>25%</b>
Discussions are underway with PCN leads to ensure we have robust plans and provision for both Covid and Flu starting from September. This offer will also be available from local pharmacists, again for that ease of a walk in. We will also most likely continue with our walk-in clinics in Heywood for all ages.				
The practices individually have worked hard again throughout the spring C19 programme to call in those eligible patients for vaccination. We are hoping the national comms will be effective and support the winter programme and can be made tweaked locally.				
<b>PH2413 CVD</b>		<b>31 March 2025</b>		<b>45%</b>
Ref	Name	Due	Status	% Complete
PH2413.A	<b>Develop a system wide, shared ambition to improve prevention of CVD</b>	<b>31 March 2025</b>		<b>80%</b>
The vision has been created, and shared with some PCNs. Also shared at Cardiology group.
