

## COMMUNITIES, REGENERATION AND ENVIRONMENT OVERVIEW AND SCRUTINY COMMITTEE

### Work Programme 2016/2017

1. The Work Programme for the Overview and Scrutiny Committee 2016/2017 has been compiled mindful of the key scrutiny functions that are set out in the Local Government Act 2000 and subsequent legislation and as set out in the Council's Constitution. In brief, these are to hold the executive to account and to maintain an oversight of the delivery of Council services. This is undertaken principally through the following means:-
  - Scrutiny of Executive Decisions through the 'Call-in' process;
  - The consideration of Budget and Policy Framework proposals for consultative purposes;
  - The consideration of a range of performance monitoring/management data;
  - The specific consideration of individual service issues as may be specified by the Committee.
  
2. The Committee's Work Programme has been prepared on the basis of known items at this time. Scheduling of some business remains to be determined and this is reflected in the Work programme.
  
3. The following table highlights issues where there is either an agreement or an anticipation that specific items may come forward. Other issues will be brought forward as indicated above.
