

**APPENDIX 5
ROCHDALE TOWNSHIP
RECEPTION CLASS PLACE DEMAND to September 2020 (projected demand including housing)**

Historically the numbers of children going into Reception classes within the Rochdale Township have not followed the local birth profile closely. In 2012/13 the number of births was over 1500 while the numbers in the Reception intake were 1370. It is believed that while previously growing families were more likely to move out of area when their children became school age, the current cohorts are staying put. All current Reception applicants for September 2017 have been offered a place within their locality, as extra capacity was provided at Greenbank (+30) and Castleton (+15) to meet the bulge in numbers.
