

APPENDIX 2 Castleton, Crossgates & Shawclough Consultation Responses

Question	Response	Any Further Details	Date
I support the proposal for the enlargement of Castleton Primary School	Yes		07/05/2019

Question	Response	Any Further Details	Date
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	Point 8.2 is incorrect because all the neighbouring schools are not full.	07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	Neighboring schools are not full - there is no need to increase the PAN. How can you justify the increase when there are ample places available in very good neighboring schools.	07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	Local schools are not full. This is not true. There is no need.	07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	As a governor at a nearby school I am aware that the nearby schools are NOT full with the exception of one, and there is no requirement for Crossgates to have an enlargement. The Council should put its resources in supporting other local schools as opposed to supporting just one.	07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	The published statutory proposal is in accurate. It states in section 8.2 that 'all of the neighbouring schools are full.' This is factually incorrect. A number of schools within Pennines South are not full in reception for AY19-20, as the Local Authhoeity will be well aware. There is, therefore, no prima facia case for enlargement of Crossgates. Indeed, this enlargement could have the consequence of further pupil number reductions in neighbouring schools with commensurate reductions in revenue funding for those schools.	07/05/2019

APPENDIX 2 Castleton, Crossgates & Shawclough Consultation Responses

I support the proposal for the enlargement of Crossgates Foundation Primary School	Yes	There is a serious need for primary school places across the borough due to an increase (blip) in the birth rate a few years ago.	07/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		08/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		09/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	Cross gates already have an intake of 45. Increasing this number would adversely affect other schools in the area.	09/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		09/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		09/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No	8.2 of the proposal is not correct - other neighbouring schools are not full - and if more spaces are provided at Crossgates this will have an affect on the these schools - all the neighbouring primary schools are struggling for the next couple of years already with funding and this will no doubt have an affect on them if this goes ahead	15/05/2019
I support the proposal for the enlargement of Crossgates Foundation Primary School	No		15/05/2019

APPENDIX 2 Castleton, Crossgates & Shawclough Consultation Responses

Question	Response	Any Further Details	Date
I support the proposal for the creation of a special primary education resourced provision unit for autism	Yes	I feel this is a necessary provision and is very much needed	07/05/2019
I support the proposal for the creation of a special primary education resourced provision unit for autism	Yes	This will meet the need and high demand for provision for some of our vulnerable children.	16/05/2019
