<p>There are three fixed testing sites across Rochdale; town centre, Middleton and Heywood. A list of agreed sites for the MTU is being worked up however we are also exploring other testing options for specific groups such as the homeless. Due to national testing capacity issues, testing is now focused on those with symptoms. Rochdale's local booking number is currently not in use. If local booking is opened up again we are looking at how this could be used to fully maximise the offer and ensure that those who need extra support to access testing get it. The single point of access (SPOA) is now fully operational from the Old Kirkholt Medical Centre now referred to as the Queensway Centre. NHS staff who are entering care homes on a regular basis now have access to regular testing. The tier 1 case management system was delayed however we are now using the system for incoming cases via GM and expected to be fully operational by week ending 16th October 2020. The tier 2 contact tracing service is now successfully operational.</p>			
<p>PH2008.D Maintain an infection control and outbreak and incident response for other issues Maintain assurance on good immunisation and screening programme uptake</p> <p>The infection control duty desk has expanded due to increased demand and we have brought in additional resource to support. A small working group has been formed to begin plans for the roll out of a COVID vaccine. The flu vaccine programme is currently being implemented. There are challenges with national vaccine availability, that are impacting locally, however a working group is overseeing this. Uptake has been good.</p>	31 March 2021		50%
