Assumptions made during preparation of estimate

- The scheme content is fully understood by the Township Committee and has the full support of the Township Committee, especially the local ward councillors.
- There will be no amendments to the schemes once commissioning documents have been approved and signed off.
- The promotion of a Traffic Order is a statutory process and must be completed accordingly.
- The estimate does not include for dealing with or reporting back to committee any objections received during the legal process. To deal with objections may increase the cost due to staff time having to be expended.
- This estimate assumes that there will be no major amendments made to scheme at committee resulting the scheme requiring re-advertising.

Risks that may change estimate

- Objections being received during the legal process or amendments made to the scheme during its development will result in additional costs.
- The scheme requires amendments so as to satisfy the requirements of the emergency services or TfGM.
- Ward Councillors require further information, justification or scheme content.
