1 March 2021

Dear Audit & Governance Committee Members

Audit Strategy Memorandum – Year ending 31 March 2021

We are pleased to present our Audit Strategy Memorandum for Rochdale Borough Council for the year ending 31 March 2021. The purpose of this document is to summarise our audit approach, highlight significant audit risks and areas of key judgements and provide you with the details of our audit team. As it is a fundamental requirement that an auditor is, and is seen to be, independent of its clients, section 8 of this document also summarises our considerations and conclusions on our independence as auditors. We consider two-way communication with you to be key to a successful audit and important in:

- reaching a mutual understanding of the scope of the audit and the responsibilities of each of us;
- sharing information to assist each of us to fulfil our respective responsibilities;
- providing you with constructive observations arising from the audit process; and
- ensuring that we, as external auditors, gain an understanding of your attitude and views in respect of the internal and external operational, financial, compliance and other risks facing Rochdale Borough Council which may affect the audit, including the likelihood of those risks materialising and how they are monitored and managed.

With that in mind, we see this document, which has been prepared following our initial planning discussions with management, as being the basis for a discussion around our audit approach, any questions, concerns or input you may have on our approach or role as auditor. This document also contains an appendix that outlines our key communications with you during the course of the audit,

Client service is extremely important to us and we strive to provide technical excellence with the highest level of service quality, together with continuous improvement to exceed your expectations so, if you have any concerns or comments about this document or audit approach, please contact me on 07721 234 043.

Yours faithfully

Signed: `{{_es_:signer1:signature}}`

Karen Murray

Mazars LLP

Section 01:

**Engagement and
responsibilities summary**

1. Engagement and responsibilities summary

Overview of engagement

We are appointed to perform the external audit of Rochdale Borough Council (the Council) for the year to 31 March 2021. The scope of our engagement is set out in the Statement of Responsibilities of Auditors and Audited Bodies, issued by Public Sector Audit Appointments Ltd (PSAA) available from the PSAA website: <https://www.psa.co.uk/managing-audit-quality/statement-of-responsibilities-of-auditors-and-audited-bodies/>. Our responsibilities are principally derived from the Local Audit and Accountability Act 2014 (the 2014 Act) and the Code of Audit Practice issued by the National Audit Office (NAO), as outlined below.

Audit opinion

We are responsible for forming and expressing an opinion on the financial statements. Our audit does not relieve management or the members of the Audit & Governance Committee, as those charged with governance, of their responsibilities.

Fraud

The responsibility for safeguarding assets and for the prevention and detection of fraud, error and non-compliance with law or regulations rests with both those charged with governance and management. This includes establishing and maintaining internal controls over reliability of financial reporting.

As part of our audit procedures in relation to fraud we are required to enquire of those charged with governance, including key management and internal audit as to their knowledge of instances of fraud, the risk of fraud and their views on internal controls that mitigate the fraud risks. In accordance with International Standards on Auditing (UK), we plan and perform our audit so as to obtain reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether caused by fraud or error. However our audit should not be relied upon to identify all such misstatements.

Going concern

The Council is required to prepare its financial statements on a going concern basis by the Code of Practice on Local Authority Accounting. The Chief Finance Officer is responsible for the assessment of whether it is appropriate for the Council to prepare its accounts on a going concern basis. As auditors, we are required to obtain sufficient appropriate audit evidence regarding, and conclude on the appropriateness of the Chief Finance Officer's use of the going concern basis of accounting in the preparation of the financial statements and the adequacy of disclosures made.

Value for money

We are also responsible for forming a conclusion on the arrangements that the Council has in place to secure economy, efficiency and effectiveness in its use of resources. We discuss our approach to Value for Money work further in section 5 of this report.

Reporting to the NAO

We report to the NAO on the consistency of the Council's financial statements with its Whole of Government Accounts (WGA) submission.

Electors' rights

The 2014 Act requires us to give an elector, or any representative of the elector, the opportunity to question us about the accounting records of the Council and consider any objection made to the accounts. We also have a broad range of reporting responsibilities and powers that are unique to the audit of local authorities in the United Kingdom.

Section 03:

Audit scope, approach and timeline

3. Audit scope, approach and timeline

Audit scope

Our audit is designed to comply with all professional requirements.

Our audit of the financial statements will be conducted in accordance with International Standards on Auditing (UK), relevant ethical and professional standards, our own audit approach and in accordance with the terms of our engagement. Our work is focused on those aspects of your business which we consider to have a higher risk of material misstatement, such as those impacted by management judgement and estimation, application of new accounting standards, changes of accounting policy, changes to operations or areas which have been found to contain material errors in the past.

Audit approach

Our audit approach is risk based. It is primarily driven by the risks we consider could result in a higher risk of material misstatement of the financial statements. Once we have completed our risk assessment, we develop our audit strategy and design audit procedures in response to this assessment.

If we conclude that appropriately designed controls are in place then we may plan to test and rely upon these controls. If we decide controls are not appropriately designed, or we decide it would be more efficient to do so, we may take a wholly substantive approach to our audit testing. Substantive procedures are audit procedures designed to detect material misstatements at the assertion level and comprise: tests of details (of classes of transactions, account balances, and disclosures); and substantive analytical procedures. Irrespective of the assessed risks of material misstatement, which take into account our evaluation of the operating effectiveness of controls, we are required to design and perform substantive procedures for each material class of transactions, account balance, and disclosure.

Our audit will be planned and performed so as to provide reasonable assurance that the financial statements are free from material misstatement and give a true and fair view. The concept of materiality and how we define a misstatement is explained in more detail in section 8.

The diagram on the next page outlines the procedures we perform at the different stages of the audit.

3. Audit scope, approach and timeline

Planning – February / March

- Initial opinion and value for money planning
- Considering proposed accounting treatments and accounting policies
- Initial risk assessment for opinion and risk assessment
- Developing the audit strategy and planning the audit work to be performed
- Preliminary analytical review
- Planning visit and developing our understanding of the Council
- Agreeing timetable and deadlines

Completion – End of July

- Final review and disclosure checklist of financial statements
- Final partner review
- Agreeing content of letter of representation
- Reporting to the Audit & Governance Committee
- Reviewing subsequent events
- Signing the auditor's report

Interim – Week Commencing 22 March

- Documenting systems and controls
- Performing walkthroughs
- Interim controls testing including tests of IT general controls
- Early substantive testing of transactions
- Reassessment of audit plan and revision if necessary

Fieldwork – June & July

- Receiving and reviewing draft financial statements
- Reassessment of audit plan and revision if necessary
- Executing the strategy starting with significant risks and high risk areas
- Communicating progress and issues
- Clearance meeting

3. Audit scope, approach and timeline

Management’s and our experts

Management makes use of experts in specific areas when preparing the Council’s financial statements.
 We also use experts to assist us to obtain sufficient appropriate audit evidence on specific items of account.

Item of account	Management’s expert	Our expert
Long Term Investments: Valuation of Share Holding in Manchester Airport Holdings Ltd	BDO	Mazars internal Valuations Team
Investment Property: Valuation of Manchester Airport Land	Jacobs	We have appointed an external valuation expert to review the work of Jacobs
Property, Plant & Equipment: Valuation of Rochdale Town Hall	Lambert Smith Hampton	We have appointed an external valuation expert to review the work of Lambert Smith Hampton
Property, Plant & Equipment: Valuations of other assets	Rochdale BC Valuations Team	We will use available third party information to challenge the key valuations assumptions
Defined Benefit Liability	Hymans Robertson Actuaries	PWC (Consulting actuary on behalf of the National Audit Office)
Financial Instruments: Fair Value Disclosures	Link Asset Services	We will review the methodology used by the expert to gain assurance that the fair value disclosures are materially correct

04

Section 04:

Significant risks and other key judgement areas

4. Significant risks and other key judgement areas

Following the risk assessment approach discussed in section 3 of this document, we have identified relevant risks to the audit of financial statements. The risks that we identify are categorised as significant, enhanced or standard. The definitions of the level of risk rating are given below:

Significant risk

A significant risk is an identified and assessed risk of material misstatement that, in the auditor’s judgment, requires special audit consideration. For any significant risk, the auditor shall obtain an understanding of the entity’s controls, including control activities relevant to that risk.

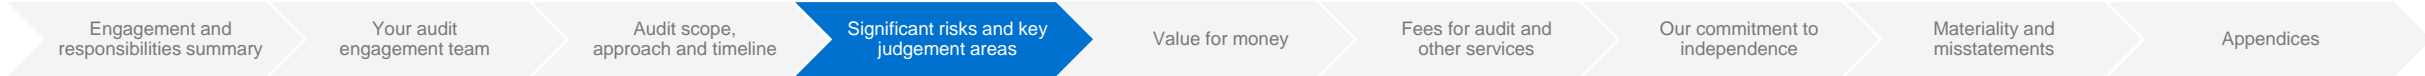

Enhanced risk

An enhanced risk is an area of higher assessed risk of material misstatement (‘RMM’) at audit assertion level other than a significant risk. Enhanced risks require additional consideration but does not rise to the level of a significant risk, these include but may not be limited to:

- key areas of management judgement, including accounting estimates which are material but are not considered to give rise to a significant risk of material misstatement; and
- other audit assertion risks arising from significant events or transactions that occurred during the period.

Standard risk

This is related to relatively routine, non-complex transactions that tend to be subject to systematic processing and require little management judgement. Although it is considered that there is a risk of material misstatement (RMM), there are no elevated or special factors related to the nature, the likely magnitude of the potential misstatements or the likelihood of the risk occurring.

4. Significant risks and other key judgement areas

Summary risk assessment

The summary risk assessment, illustrated in the table below, highlights those risks which we deem to be significant and other enhanced risks in respect of the Council. We have summarised our audit response to these risks on the next page.

4. Significant risks and other key judgement areas

Specific identified audit risks and planned testing strategy

We have presented below in more detail the reasons for the risk assessment highlighted above, and also our testing approach with respect to significant risks. An audit is a dynamic process, should we change our view of risk or approach to address the identified risks during the course of our audit, we will report this to the members of the Audit & Governance Committee.

Significant risks

	Description	Fraud	Error	Judgement	Planned response
1	<p>Management override of controls This is a mandatory significant risk on all audits due to the unpredictable way in which such override could occur.</p> <p>Management at various levels within an organisation is in a unique position to perpetrate fraud because of the ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Due to the unpredictable way in which such override could occur there is a risk of material misstatement due to fraud on all audits.</p>	●	○	○	We plan to address the management override of controls risk through performing audit work over accounting estimates, journal entries and significant transactions outside the normal course of business or otherwise unusual.

4. Significant risks and other key judgement areas

Significant risks

	Description	Fraud	Error	Judgement	Planned response
2	<p>Net defined benefit liability valuation</p> <p>The net pension liability represents a material element of the Council's balance sheet. The Council is an admitted body of Greater Manchester Pension Fund, which had its last triennial valuation completed as at 31 March 2019.</p> <p>The valuation of the Local Government Pension Scheme relies on a number of assumptions, most notably around the actuarial assumptions, and actuarial methodology which results in the Council's overall valuation. There are financial assumptions and demographic assumptions used in the calculation of the Council's valuation, such as the discount rate, inflation rates and mortality rates. The assumptions should also reflect the profile of the Council's employees, and should be based on appropriate data. The basis of the assumptions is derived on a consistent basis year to year, or updated to reflect any changes.</p> <p>There is a risk that the assumptions and methodology used in valuing the Council's pension obligation are not reasonable or appropriate to the Council's circumstances. This could have a material impact to the net pension liability in 2020/21.</p>	○	●	●	<p>As part of our work we will review the controls that the Council has in place over the information sent to the scheme Actuary, including the Council's processes and controls with respect to the assumptions used in the valuation.</p> <p>We will evaluate the competency, objectivity and independence of the scheme Actuary, Hymans Robertson.</p> <p>We will review the appropriateness of the methodology applied, and the key assumptions included within the valuation, compare them to the expected ranges, utilising the information provided by PwC, the consulting actuary engaged by the National Audit Office. We will review the methodology applied in the valuation of the liability by Hymans Robertson.</p>

Appendices

4. Significant risks and other key judgement areas

Significant risks

	Description	Fraud	Error	Judgement	Planned response
3	<p>Valuation of property, plant and equipment including investment properties</p> <p>The CIPFA Code requires that where assets are subject to revaluation, their year end carrying value should reflect the fair value at that date. The Council has adopted a rolling revaluation model which sees all land and buildings revalued in a four year cycle.</p> <p>The valuation of Property, Plant & Equipment involves the use of a management expert (the valuer), and incorporates assumptions and estimates which impact materially on the reported value. There are risks relating to the valuation process which reflect the significant impact of the valuation judgements and assumptions and the degree of estimation uncertainty.</p> <p>As a result of the rolling programme of revaluations, there is a risk that individual assets which have not been revalued for up to three years are not valued at their materially correct fair value. In addition, as the valuations are undertaken at the start of the year there is a risk that the fair value as the assets is materially different at the year end.</p>	○	●	●	<p>In relation to the assets which have been revalued during 2020/21 we will assess the Council's valuers' qualifications, objectivity and independence to carry out such valuations, and review the valuation methodology used, including testing the underlying data and assumptions.</p> <p>As detailed in Section 3, we will engage a valuer as our auditors expert to review the valuations of Rochdale Town Hall and the land at Manchester Airport.</p> <p>We will review the approach that the Council has adopted to address the risk that assets not subject to valuation in the 2020/21 are materially misstated and consider the robustness of that approach in light of the valuation information reported by the Council's valuers.</p> <p>In addition, we will consider movement in market indices between valuation dates and the year end in order to determine whether these indicate that fair valuers have moved materially over that time.</p>

4. Significant risks and other key judgement areas

Other key areas of management judgement and enhanced risks

	Description	Fraud	Error	Judgement	Planned response
4	<p>Accounting treatment of Rochdale Riverside retail and leisure complex</p> <p>As part of the Council’s regeneration of the town centre, the Rochdale Riverside retail and leisure complex project completed and became operational during the 2020/21 year. We have identified this area as an enhanced risk as we will work with management to ensure the correct accounting treatment is applied.</p>	○	●	●	We will review the work undertaken by management to assess the required accounting transactions to account for this project completion, including any assets and liabilities arising. We will also review any supporting documentation to confirm the accounting treatment is correct and in line with any legal obligations.

05

Section 05:

Value for Money

5. Value for Money

The framework for Value for Money work

We are required to form a view as to whether the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The NAO issues guidance to auditors that underpins the work we are required to carry out in order to form our view, and sets out the overall criterion and sub-criteria that we are required to consider.

The new Code of Audit Practice (the Code) has changed the way in which we report our findings in relation to Value for Money (VFM) arrangements from 2020/21. Whilst we are still required to be satisfied that the Council has proper arrangements in place, we will now report by exception in our auditor's report where we have identified significant weakness in those arrangements. This is a significant change to the requirements under the previous Code which required us to give a conclusion on the Council's arrangements as part of our auditor's report.

Under the new Code, the key output of our work on VFM arrangements will be a commentary on those arrangements which will form part of the Auditor's Annual Report.

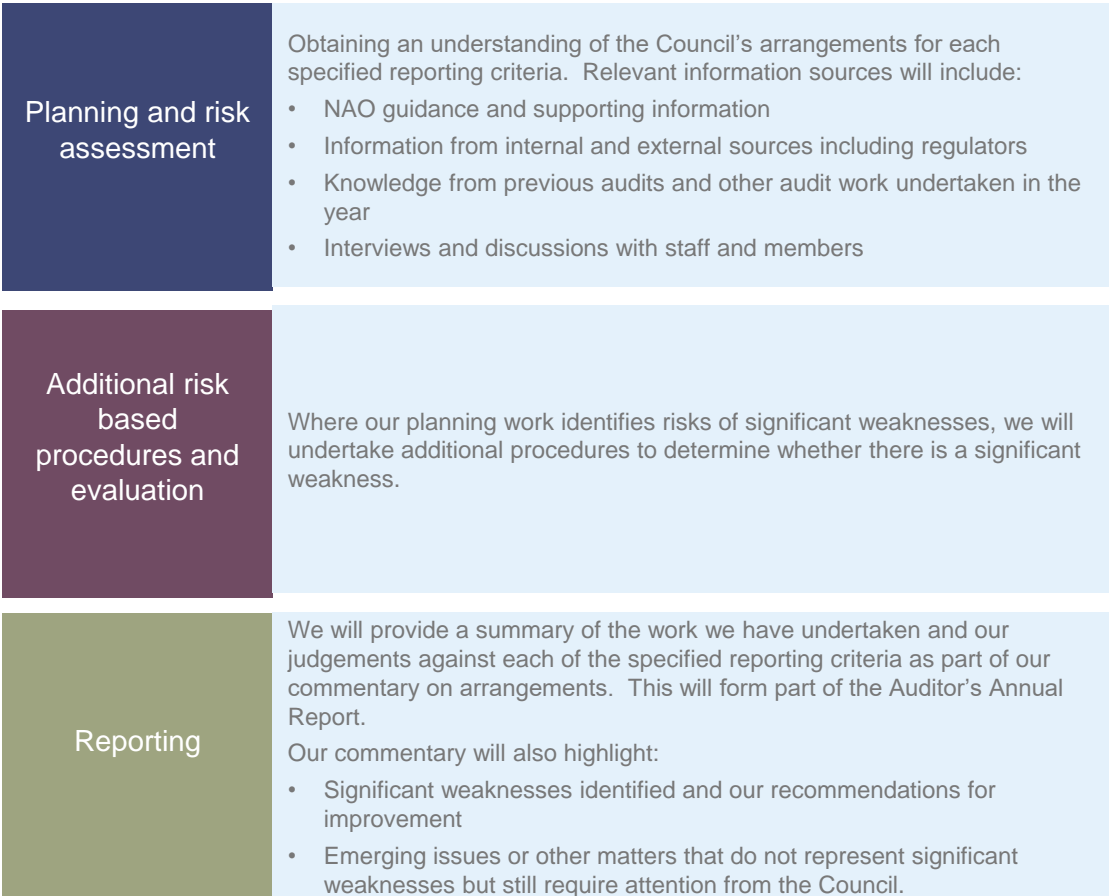

Specified reporting criteria

The Code requires us to structure our commentary to report under three specified criteria:

1. **Financial sustainability** – how the Council plans and manages its resources to ensure it can continue to deliver its services
2. **Governance** – how the Council ensures that it makes informed decisions and properly manages its risks
3. **Improving economy, efficiency and effectiveness** – how the Council uses information about its costs and performance to improve the way it manages and delivers its services

Our approach

Our work falls into three primary phases as outlined opposite. We need to gather sufficient evidence to support our commentary on the Council's arrangements and to identify and report on any significant weaknesses in arrangements. Where significant weaknesses are identified we are required to report these to the Council and make recommendations for improvement. Such recommendations can be made at any point during the audit cycle and we are not expected to wait until issuing our overall commentary to do so.

06

Section 06:

Fees for audit and other services

6. Fees for audit and other services

Fees for work as the Council's appointed auditor

Details of the proposed 2019/20 and 2020/21 fees are set out below:

Area of work	2020/21 Proposed Fee	2019/20 Proposed Fee
Scale audit fee	£105,007	£105,007
<i>Fee variations:</i>		
Additional Testing on Property, Plant & Equipment and Defined Benefit Pensions Schemes as a result of changes in regulatory expectations	£16,650 ¹	£16,650
Additional testing as a result of the implementation of new auditing standards: ISA 220 (Revised): Quality control of an audit of financial statements; ISA 540 (Revised): Auditing accounting estimates and related disclosures; ISA570 (Revised) Going Concern; and ISA 600 (Revised): Specific considerations – audit of group financial statements	£2,000 ²	-
Other additional costs	TBC	£8,000 ³
Sub-total	£123,657	£129,657
Additional work arising from the change in the Code of Audit Practice	Expected to be at least £10,000 (or 20% of the revised fee) ⁴	-
Total	£133,657 ⁵	£129,657

¹ The scale fee has been adjusted to take into account the additional work required as a result of increased regulatory expectations in these areas.

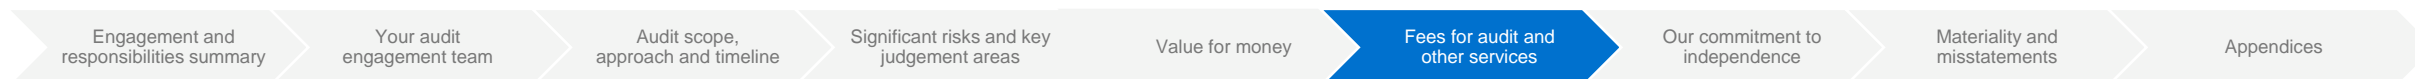

² For 2020/21, new auditing standards have been introduced which will lead to additional audit work not reflected in the scale fee. The implementation of IFRS 16 Leases is deferred to the financial year 2021/22.

³ This mainly relates to additional testing and reporting of uncertainties in key estimates as a result of Covid-19. This also includes additional work relating to the VFM issue in respect of key decision making.

⁴ As explained in section 5, the revised Code of Audit Practice will lead to a substantial amount of additional audit work to support the new value for money conclusion and the changes in reporting requirements. Our review of the Code and supporting guidance notes shows that the additional fee impact at all public sector entities is expected to be at least £10,000 [or 20% of the post fee variation 2020/21 fee]. The final fee will take into account the extent and complexity of any significant weaknesses in arrangements we identify.

⁵ This is a proposed fee for 2020/21 at the point of the issue of our ASM. This figure is subject to change and additional costs will be discussed with management.

PSAA have issued a consultation on the 2021/22 audit fee scale. We will revisit our fee proposal in line with the outcome of this consultation to ensure we are consistent with sector wide changes.

07

Section 07:

Our commitment to independence

7. Our commitment to independence

We are committed to independence and are required by the Financial Reporting Council to confirm to you at least annually in writing that we comply with the FRC's Ethical Standard. In addition, we communicate any matters or relationship which we believe may have a bearing on our independence or the objectivity of the audit team.

Based on the information provided by you and our own internal procedures to safeguard our independence as auditors, we confirm that in our professional judgement there are no relationships between us and any of our related or subsidiary entities, and you and your related entities creating any unacceptable threats to our independence within the regulatory or professional requirements governing us as your auditors.

We have policies and procedures in place which are designed to ensure that we carry out our work with integrity, objectivity and independence. These policies include:

- All partners and staff are required to complete an annual independence declaration;
- All new partners and staff are required to complete an independence confirmation and also complete computer based ethical training;
- Rotation policies covering audit engagement partners and other key members of the audit team; and
- Use by managers and partners of our client and engagement acceptance system which requires all non-audit services to be approved in advance by the audit engagement partner.

We confirm, as at the date of this document, that the engagement team and others in the firm as appropriate, Mazars LLP are independent and comply with relevant ethical requirements. However, if at any time you have concerns or questions about our integrity, objectivity or independence please discuss these with Karen Murray in the first instance.

Prior to the provision of any non-audit services Karen Murray will undertake appropriate procedures to consider and fully assess the impact that providing the service may have on our auditor independence.

No threats to our independence have been identified.

Any emerging independence threats and associated identified safeguards will be communicated in our Audit Completion Report.

08

Section 08:

Materiality and other misstatements

8. Materiality and misstatements

Summary of initial materiality thresholds

Threshold	Initial threshold £'000s
Overall materiality	13,300
Performance materiality	10,640
Specific materiality for Senior Officers Remuneration	5
Trivial threshold for errors to be reported to Audit & Governance Committee	399

Materiality

Materiality is an expression of the relative significance or importance of a particular matter in the context of financial statements as a whole.

Misstatements in financial statements are considered to be material if they, individually or in aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Judgements on materiality are made in light of surrounding circumstances and are affected by the size and nature of a misstatement, or a combination of both. Judgements about materiality are based on consideration of the common financial information needs of users as a group and not on specific individual users.

The assessment of what is material is a matter of professional judgement and is affected by our perception of the financial information needs of the users of the financial statements. In making our assessment we assume that users:

- Have a reasonable knowledge of business, economic activities and accounts;
- Have a willingness to study the information in the financial statements with reasonable diligence;
- Understand that financial statements are prepared, presented and audited to levels of materiality;
- Recognise the uncertainties inherent in the measurement of amounts based on the use of estimates, judgement and the consideration of future events; and
- Will make reasonable economic decisions on the basis of the information in the financial statements.

We consider materiality whilst planning and performing our audit based on quantitative and qualitative factors.

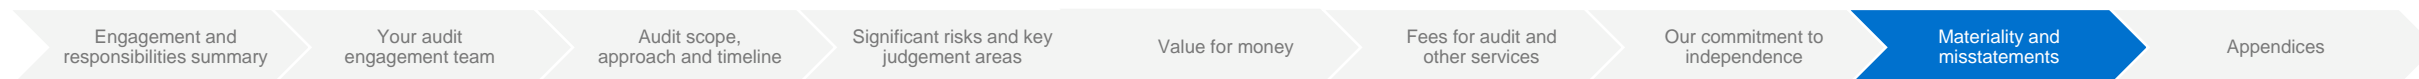

Whilst planning, we make judgements about the size of misstatements which we consider to be material and which provides a basis for determining the nature, timing and extent of risk assessment procedures, identifying and assessing the risk of material misstatement and determining the nature, timing and extent of further audit procedures.

The materiality determined at the planning stage does not necessarily establish an amount below which uncorrected misstatements, either individually or in aggregate, will be considered as immaterial.

We revise materiality for the financial statements as our audit progresses should we become aware of information that would have caused us to determine a different amount had we been aware of that information at the planning stage.

Our provisional materiality is set based on a benchmark of gross revenue expenditure. We will identify a figure for materiality but identify separate levels for procedures design to detect individual errors, and also a level above which all identified errors will be reported to Audit & Governance Committee.

We consider that gross revenue expenditure remains the key focus of users of the financial statements and, as such, we base our materiality levels around this benchmark.

8. Materiality and misstatements

Materiality (continued)

We expect to set a materiality threshold at 2% of gross revenue expenditure. Based on the 2019/20 audited accounts gross revenue expenditure we anticipate the overall materiality for the year ending 31 March 2021 to be in the region of £13.3m (£13.4m in the prior year).

After setting initial materiality, we continue to monitor materiality throughout the audit to ensure that it is set at an appropriate level.

Performance Materiality

Performance materiality is the amount or amounts set by the auditor at less than materiality for the financial statements as a whole to reduce, to an appropriately low level, the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality for the financial statements as a whole. Our initial assessment of performance materiality is based on low inherent risk, meaning that we have applied 80% of overall materiality as performance materiality.

Misstatements

We accumulate misstatements identified during the audit that are other than clearly trivial. We set a level of triviality for individual errors identified (a reporting threshold) for reporting to Audit & Governance Committee that is consistent with the level of triviality that we consider would not need to be accumulated because we expect that the accumulation of such amounts would not have a material effect on the financial statements.

Based on our preliminary assessment of overall materiality, our proposed triviality threshold is £399k based on 3% of overall materiality. If you have any queries about this please do not hesitate to raise these with Karen Murray.

Reporting to the Audit & Governance Committee

The following three types of audit differences will be presented to the Audit & Governance Committee:

- summary of adjusted audit differences;
- summary of unadjusted audit differences; and
- summary of disclosure differences (adjusted and unadjusted).

Appendix: Key communication points

Appendix: Key communication points

We value communication with Those Charged With Governance as a two way feedback process at the heart of our client service commitment. ISA 260 (UK) 'Communication with Those Charged with Governance' and ISA 265 (UK) 'Communicating Deficiencies In Internal Control To Those Charged With Governance And Management' specifically require us to communicate a number of points with you.

Relevant points that need to be communicated with you at each stage of the audit are outlined below.

Form, timing and content of our communications

We will present the following reports:

- Our Audit Strategy Memorandum;
- Our Audit Completion Report; and
- Auditor's Annual Report

These documents will be discussed with management prior to being presented to yourselves and their comments will be incorporated as appropriate.

Key communication points at the planning stage as included in this Audit Strategy Memorandum

- Our responsibilities in relation to the audit of the financial statements;
- The planned scope and timing of the audit;
- Significant audit risks and areas of management judgement;

- Our commitment to independence;
- Responsibilities for preventing and detecting errors;
- Materiality and misstatements; and
- Fees for audit and other services.

Key communication points at the completion stage to be included in our Audit Completion Report

- Significant deficiencies in internal control;
- Significant findings from the audit;
- Significant matters discussed with management;
- Our conclusions on the significant audit risks and areas of management judgement;
- Summary of misstatements;
- Management representation letter;
- Our proposed draft audit report; and
- Independence.

Appendix: Key communication points

ISA (UK) 260 'Communication with Those Charged with Governance', ISA (UK) 265 'Communicating Deficiencies In Internal Control To Those Charged With Governance And Management' and other ISAs (UK) specifically require us to communicate the following:

Required communication	Where addressed
Our responsibilities in relation to the financial statement audit and those of management and those charged with governance.	Audit Strategy Memorandum
The planned scope and timing of the audit including any limitations, specifically including with respect to significant risks.	Audit Strategy Memorandum
With respect to misstatements: <ul style="list-style-type: none"> • Uncorrected misstatements and their effect on our audit opinion; • The effect of uncorrected misstatements related to prior periods; • A request that any uncorrected misstatement is corrected; and • In writing, corrected misstatements that are significant. 	Audit Completion Report
With respect to fraud communications: <ul style="list-style-type: none"> • Enquiries of Audit & Governance Committee members to determine whether they have a knowledge of any actual, suspected or alleged fraud affecting the entity; • Any fraud that we have identified or information we have obtained that indicates that fraud may exist; and • A discussion of any other matters related to fraud. 	Audit Completion Report and discussion at Audit & Governance Committee Audit Planning and Clearance meetings

Appendix: Key communication points

Required communication	Where addressed
<p>Significant matters arising during the audit in connection with the entity’s related parties including, when applicable:</p> <ul style="list-style-type: none"> • Non-disclosure by management; • Inappropriate authorisation and approval of transactions; • Disagreement over disclosures; • Non-compliance with laws and regulations; and • Difficulty in identifying the party that ultimately controls the entity. 	<p>Audit Completion Report</p>
<p>Significant findings from the audit including:</p> <ul style="list-style-type: none"> • Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures; • Significant difficulties, if any, encountered during the audit; • Significant matters, if any, arising from the audit that were discussed with management or were the subject of correspondence with management; • Written representations that we are seeking; • Expected modifications to the audit report; and • Other matters, if any, significant to the oversight of the financial reporting process or otherwise identified in the course of the audit that we believe will be relevant to the Audit & Governance Committee in the context of fulfilling their responsibilities. 	<p>Audit Completion Report</p>
<p>Significant deficiencies in internal controls identified during the audit.</p>	<p>Audit Completion Report</p>
<p>Where relevant, any issues identified with respect to authority to obtain external confirmations or inability to obtain relevant and reliable audit evidence from other procedures.</p>	<p>Audit Completion Report</p>

Appendix: Key communication points

Required communication	Where addressed
<p>Audit findings regarding non-compliance with laws and regulations where the non-compliance is material and believed to be intentional (subject to compliance with legislation on tipping off) and enquiry of the Audit & Governance Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit & Governance Committee may be aware of.</p>	<p>Audit Completion Report and Audit & Governance Committee meetings</p>
<p>With respect to going concern, events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> • Whether the events or conditions constitute a material uncertainty; • Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements; and • The adequacy of related disclosures in the financial statements. 	<p>Audit Completion Report</p>
<p>Reporting on the valuation methods applied to the various items in the annual financial statements including any impact of changes of such methods</p>	<p>Audit Completion Report</p>
